Assignment 3 Textbook Problems

1. Importing the View class is sufficient since View.OnClickListener is then automatically imported
2. onClick
3. addView
4. this
5. X.this
6. getWindowManager().getDefaultDisplay().getSize(size);
7. GridLayout
8. setRows
9. setContentView
10. Button b = new Button(this);
11. LayoutParams
12. setGravity
